I. CALL TO ORDER

Chairman Gilmore called the meeting to order at 9:40 a.m.

II. MOTION TO MOVE TO EXECUTIVE SESSION ON COLLECTIVE BARGAINING

BM-717 It was moved and supported that the Board move to executive session for the purpose of discussing collective bargaining

The motion was **APPROVED** unanimously.

The Board moved to Executive Session at 9:42 a.m. and reconvened at 11:00 a.m.

III. PROCEDURAL ITEMS

1. Approval of minutes of May 1, 1987 Regular Monthly Meeting

It was moved and supported that the minutes of the regular monthly meeting be approved.

The minutes were **APPROVED** unanimously.

Mrs. Saltzman asked whether the administration picked up items mentioned in the minutes which might require action or further discussion with the Board. Dr. Ryder replied that this was being done.

2. Recognition of the official representative of the Faculty Association

Dr. John R. Willertz, President of the Saginaw Valley State College Faculty Association, was recognized. He stated that as the meeting progressed he would like to comment on behalf of the

Faculty Association regarding tuition and teacher education.

3. Communications and requests to appear before the Board

There were none.

4. Additions and Deletions to the agenda

Mark Rickard, a guest student at SVSC this summer, stated that he would like to address the Board at the proper time regarding the tuition increase.

IV. REMARKS BY THE PRESIDENT

President Ryder stated that he had no remarks to make at this time.

V. ACTION ITEMS

1. Resolution to approve tuition and fee rates for 1987-88

RES-751 It was moved and supported that the following resolution be adopted.

WHEREAS, it is extremely important to maintain the quality and extent of academic and support services and activities for the benefit of students, and

WHEREAS, the costs associated with supporting those services and activities are increasing beyond current resources from state appropriations and existing student tuition and fees;

NOW, THEREFORE, BE IT RESOLVED, that the attached schedule of charges for tuition and fees be approved effective beginning with the Fall term, 1987

President Ryder utilized overheads in his discussion of the

resolution. (See Appendix 1: Tuition Recommendation.) He stated that according to the National Institute of Education statistics, the Higher Education Price Index (the cost of goods and services required by colleges and universities) over the past several years has risen faster than the CPI (Consumers Price Index). The CPI rose much faster in earlier years than faculty and administrative/professional staff salaries. He added when he reported to the Sub-committee on Higher Education in both the House and Senate, he had pointed out that it was imperative that salaries of faculty and administrative/professional staff be increased. The losses that occurred during the recessionary period must be made up.

Dr. Ryder reviewed the College's budget request, which had been adopted by the Board of Control in October and submitted to the Governor's Office. The Program Maintenance Request (the basic appropriation for 1986-87) was \$12,241,601. The additional amount requested for 1987-88 for compensation, supplies, materials, services and capital expenditures was \$1,432,299. This would constitute an 11.7 percent increase. In addition to that, Program Revision Requests of \$1,675,350 were presented. Those PRRs included:

1. \$310,000 - addition of eight new faculty members this year, eight next year, and eight the following year. (We have already committed to hiring the new faculty this year, as they have to be recruited in the fall).
2. \$688,000 - Fine Arts Center Start-Up and Wickes Hall Renovation

3. \$577,350 - Computing
4. \$100,00 - TV Production and Broadcast (in conjunction with Delta College)

These PRRs would amount to an additional 13.6 percent increase in the budget.

The total increase requested was \$15,349,250, or 25.4 percent. This request was based on the assumption that there would be no tuition increase. It appears unlikely that SVSC's final appropriation will approach the requested figure. The Governor's recommendation for SVSC represented a total 10.6 percent increase in appropriations, of which about 5.6 percent was earmarked for special purposes such as opening the Fine Arts Center and renovating Wickes Hall.

The House version utilizes a formula that recognizes enrollment growth and calls for a 12.4 percent increase for the College. Many of these funds are earmarked, leaving about a 7 percent increase on general fund monies. The Senate also used a factor recognizing enrollment growth and is recommending a total 15.6 percent increase in general fund and special use funds.

President Ryder noted that over the last ten years, only approximately five colleges and universities in the State of Michigan have grown in enrollment of fiscal year equated students. SVSC has been either first or second in growth in the state during those years. Not having the state recognize that enrollment growth in the past has been a real problem for SVSC.

That is one of the reasons that he has made recommendations which relate to the question of whether we can continue to grow at the current rate or if enrollment management is needed. This would permit the resources received from the state and the students to catch up with needs of the institution.

Dr. Ryder added that the legislative bodies will agree on a final appropriation, with the compromise likely to be between 12.4 and 15.6 percent. In any event, it will not provide sufficient resources for the College to implement all of the increases in faculty and services needed for offering an educational experience of the highest quality. Even with the increase in tuition, it is still a bargain for students in this area to attend this college for the quality education they will receive. The Governor and Legislature should be commended for increasing support to higher education. Approximately 32 percent of the cost of educating a student at SVSC will be paid by students through tuition and fees next year, with the state supplying 67 percent of the costs. The difference is local revenues.

Both the Senate and the House have recommended only one PRR--the start up the Fine Arts Center and the Renovation of Wickes Hall. This \$688,000 can be used only for these purposes--they cannot be utilized for anything else. We have not been granted funding for any of the other PRRs, including the request for additional faculty.

Mr. Jerry A. Woodcock, Vice President for Administration and Business Affairs, reviewed the resolution on the approval of tuition and fee rates for 1987-88 and the accompanying documents. (See Appendix 2: Tuition and Fees). The proposal called for increases in some student fees, while others remained constant. Those increasing would be the athletic season pass, from \$20 to \$25; late registration from \$10 to \$15; return check service charge from \$5 to \$10 for the first billing and \$10 to \$15 for the second billing; Macomb Program off-campus service fee from \$18 to \$21 per credit hour; Oscoda/Wurtsmith Center undergraduate tuition from \$70 to \$75 per credit hour and graduate from \$80 to \$85 per credit hour; and increases ranging from \$1 to \$4 per credit hour for off-campus courses, based upon distance from campus. None of these fees have been increased for several years.

Mr. Woodcock distributed a document which explained the impact of proposed tuition and fee rates for 1987-88 (see Appendix 3: Tuition and Fee Proposal).

The requested rates would increase tuition by \$3.25 per credit hour for Michigan undergraduate students, from \$51.75 to \$55.00. The general service fee of \$3.00 per credit hour would remain constant, so students would face a total increase of 5.9 percent. For a student carrying 31 credits per year, this would amount to \$100.75. Mr. Woodcock reviewed the remainder of the document.

Dr. Gilmore asked Lisa Tucker, Student Government President, to comment. Ms. Tucker thanked the Board for the chance to speak on behalf of the Student Government and read the following statement:

As you know, we are concerned about the proposed tuition increase. This year, along with the past few years, sources of financial aid have been decreasing. Grants, guaranteed student loans and other government programs are becoming difficult if not impossible for students to obtain. Therefore, we ask that you vote to deny any increase in tuition for the upcoming academic year. However, we realize that you, as members of the Board, are in a position of accountability for the financial well-being of this institution. There may be then, from your perspective, no choice but to raise the tuition. If that is the case, we would ask that you hold the increase to one comparable to the cost of living increase. Thank you for considering the needs and concerns of the students as well as the many other factors of running this school.

Dr. Willertz cited figures showing that faculty salaries and fringe benefits at many Michigan colleges and universities account for only approximately 25 percent of general fund expenditures. If part-time and summer salaries are included, instructional salaries make up only 30.9 percent of SVSC's general fund budget. On this basis, \$13.32 of the \$51.75 per credit hour tuition now paid by Michigan undergraduate students goes to support faculty salaries and benefits. He suggested that the other 70 to 75 percent of costs making up the budget be analyzed for potential savings.

Mark Rickard noted that the unemployment rate for Saginaw County is over 10 percent, and that the minimum wage has not

increased since January 1, 1981. Therefore, there has been a 7 1/2 year freeze on the rate for which most students work. SVSC has increased tuition and services fees 56 percent during that time, or a 10.2 percent increase over the last 13 months. He added that he agreed with Dr. Willertz that our faculty need higher salaries, and with Dr. Ryder that SVSC needs more faculty, but felt that the students had been misled when they were told that the Fine Arts Center was being paid for from private donations. He asked why donations weren't sought to increase faculty salaries instead.

Dr. Ryder replied that when one builds a private building that is going to accommodate students and faculty and others in terms of academic programing, one goes to the Legislature and asks the Legislature at the time that they approve that building (even though it's being financed by private contributors) if they will support, through the operating fund, the operation of the building. That was done prior to their approval of the construction of the building. That's why the Legislature specifically put that money aside. The same thing is true of IF-2.

(Mrs. Woods left the meeting at this time.)

Roger Powell, Vice President of Student Government, expressed concern that students did not learn the size of the proposal increase in time to present a counterproposal for the administration's consideration.

Ms. Tucker asked the Board to consider the demographics of the area. Many of SVSC's students are over 25 and take less than a full load. Many have been laid off. They need a better education so they can get a job and feed their families.

Mr. Curtiss urged the administration, at least in the future, to recognize the fact that this area of Michigan has some peculiar problems of its own. Our average wage is declining. Many are laid off, and many are afraid of being laid off. Staying at 7th or 8th in the ranking for Michigan's 15 public colleges and universities doesn't recognize the fact that our economy is substantially different from that of Lansing or Grand Rapids. There are some long-term problems that this area has not dealt with economically. Not only has the minimum wage not gone up, but the average wage has come down significantly.

Mr. Klylylo asked what was the latest a decision could be made on tuition rates. Dr. Ryder replied that it is better to adopt the rate in June. This allows the administrative problems such as getting out bills to the students to be done in a timely fashion. The students also need to know the rate as soon as possible so that they can make appropriate decisions and adjustments.

Mrs. Saltzman replied that increasing numbers of students appearing at the Board meetings cannot change the statistics. She added that she was always reluctant, after hearing student representatives speak, to support an increase. However, miracles

from the Legislature cannot be expected and it is the Board's statutory responsibility to keep the College operating. State colleges and universities were asked to keep tuition rates under or at the cost of living for a number of years. One college which did not increase tuition rates in the past now has to raise them substantially. After reading what other colleges and universities in the state are doing, she felt that a tuition increase is necessary. She added that with great reluctance she would have to support the increase, and that if the money coming from the Legislature is less than we are anticipating, it may force us to cap enrollment to reduce the number of students. The Senate Sub-committee on Appropriations had encouraged Wayne State to allow all the students they wanted in, while the Chairman of the same Sub-committee suggested to us that we not admit as many students in order to cut our costs. She added that the Board members were listening to the students and their deciding on a tuition increase would not mean that they weren't listening, but that they reluctantly had to face reality.

Ms. Tucker asked whether some of the expenditures for the new buildings could not be put off for a year or so, thereby enabling the tuition increase to be held down. She asked if the students' only option was to ask Governor Blanchard to freeze the tuition.

Dr. Ryder replied that the State Legislature has specifically set aside the moneys in support of the new

buildings. Other institutions that don't have new buildings don't get that support.

Ms. Tucker suggested that students might prefer larger classes if it meant that tuition increases would be lower. She asked that the students be given time to consider and present alternatives.

Student Senator Loren Bradley stated that he was speaking for the Senate in reminding the Board that the Enrollment Control Committee's report had recommended slowing enrollment increases to a level that is manageable with our given resources.

BM-718 Mr. Klykylo moved that Resolution 751 to approve the tuition and fee rates for 1987-88 be tabled to a special meeting to be held before the end of June.

Mr. Curtiss seconded the motion.

The motion was **APPROVED** unanimously.

The Board moved to Action Item 3, the Motion to Approve Naming of the Fine Arts Center.

RES-752 It was moved and supported that the following resolution be adopted.

WHEREAS, Dorothy (Honey) and Ned Arbury have been special friends of Saginaw Valley State College from its inception in 1963 and have maintained an abiding interest in the growth and development of the College, and

WHEREAS, Ned was recognized by Saginaw Valley State College with an honorary Doctor of Laws degree for his civic contributions to the State of Michigan, to the City of Midland, and to Saginaw Valley State College, and

WHEREAS, Honey served as an exemplary member of the Board of Control of the College for over 23 years, and

WHEREAS, Honey was recognized with an honorary Doctor of

Fine Arts degree by the Board of Control for her outstanding service to the College and her community, and

WHEREAS, Honey served on the Board of the SVC Development Fund, the original fundraising body of the College, and has served on the SVSC Foundation, its successor organization, for eleven years, and continues to serve with enthusiasm and distinction, and

WHEREAS, Honey served as an able chairman of the Midland Committee for the fund drive for the Fine Arts Center, and

WHEREAS, both Honey and Ned Arbury played key roles in securing major contributions from donors in the City of Midland in support of the Fine Arts Center, and especially the lead gift of \$2.5 million from the Herbert H. and Grace A. Dow Foundation, and

WHEREAS, Honey and Ned through their own personal philanthropy have been major benefactors during the life of the College, and

WHEREAS, Honey and Ned recognized the pressing needs of the College in the fields of Music and Art and therefore personally made a major contribution for the construction of the Fine Arts Center, and

WHEREAS, Honey and Ned were instrumental in encouraging the internationally acclaimed sculptor, Marshall M. Fredericks, to contribute his life's works to Saginaw Valley State College to be housed in a gallery in the Fine Arts Center designated as the Marshall M. Fredericks Sculpture Gallery,

NOW, THEREFORE, BE IT RESOLVED, that the Board of Control, with great affection, admiration, and appreciation, in recognition of the contributions of Honey and Ned Arbury to Saginaw Valley State College, especially to the development of the Fine Arts Center, which will benefit students, faculty, staff, and the people of the State of Michigan for generations to come, does hereby designate the Center as the Dorothy (Honey) and Ned Arbury Fine Arts Center.

President Ryder stated that Ned and Honey Arbury have been tremendous supporters of the College over the years. Honey served on the Board of Control for 23 years. Their

contributions, both personal and monetary, and in terms of time and effort on behalf of the institution deserve this recognition. They have particularly contributed to and supported the development of the Fine Arts Center and encouraged the Sculptor, Marshall Fredericks, to contribute his works to the College. Therefore, they deserve to be recognized by the Dorothy (Honey) and Ned Arbury Fine Arts Center.

The resolution was **APPROVED** unanimously.

The remaining action and information items from the agenda of this meeting will be incorporated into the agenda of the upcoming special meeting, to be held on Monday, June 29.

VIII. ADJOURNMENT

The meeting was adjourned at 12:35 p.m.

Respectfully submitted:

Dr. Richard H. Gilmore
Chairperson

Mrs. Joyce K. Woods
Secretary

Mrs. Jo Stanley
