## I. CALL TO ORDER

Mr. Groening called the meeting to order at 8 p.m.

## II. MINUTES OF PREVIOUS MEETING

BM-90 Mr. Brown moved that the minutes of the March 11, 1967 meeting be approved as submitted. Mr. Zahnow seconded.

Ayes: Arbury, Brown, Curtiss, Fox, Groening, Treadway, Zahnow  
Absent: McCree

Motion carried.

## III. REPORT OF PRESIDENT

A. Student Applications

President Marble reported that to date 150 applications have been received for the fall term. Perhaps as many as 150 more may apply before September 1, 1967.

Out of the total of 300 applications, about one-third or 100 students are expected to enroll as freshmen.

B. Library

Copies of the report on the progress of the library were distributed. The acquisition of books has been accelerated by the addition of more staff. At the present time, 5,409 volumes have been catalogued. The circulation of books and the student use of the reading room has increased noticeably.

C. Commencement

The Dean and faculty certified a list of students who had completed all requirements, and recommended that the Board authorize the award of Bachelor of Arts and Bachelor of Science degrees at the Annual Commencement which will be held on Saturday, April 22nd, at 3 o'clock in the afternoon.

BM-91 Mrs. Arbury moved that the President be authorized to award the Bachelor of Arts and Bachelor of Science degrees to the students certified by the Dean and faculty. Mr. Fox seconded.

Ayes: Arbury, Brown, Curtiss, Fox, Groening, Treadway, Zahnow  
Absent: McCree

Motion carried.

IV. REPORT OF VICE PRESIDENT

Mr. Driver distributed a copy of a Statement of Income and Expense for period ending March 31, 1967.

V. REPORT OF COMMITTEES

A. Academic Committee

Mrs. Arbury said that the Committee met to discuss the proposal for a Program in the Health Sciences prepared with the cooperation of Dean Ernest

Gardner, Dean of the School of Medicine, Wayne State University. President Marble asked for instruction from the Board if the proposal should go forward, and if so copies will be forwarded to the State Board of Education for their consideration. He indicated the possibility of having a proposal for a School of Engineering Science prepared sometime within the next week, and members of the Academic Committee were asked to meet with Brymer Williams for a luncheon meeting on Friday, April 21st.

The President indicated that the Engineering Proposal has not proceeded as rapidly as it was originally hoped due to the inability to secure adequate time from the consultant. It was felt that the Health Science Program should go forward even though the Program for Engineering is not ready for submission to the State Board of Education.

BM-92 Mr. Curtiss moved that the President be authorized to submit to the State Board of Education a proposal for a Program in Health Science. Mrs. Arbury seconded.

Ayes: Arbury, Brown, Curtiss, Fox, Groening, Treadway, Zahnaw  
Absent: McCree

Motion carried.

B. Building Committee

1.) Campus Planning

Mr. Brown said that after the discussion in the last meeting of the Board on responsibility for campus planning and architectural work, the Building Committee met with the State Building Division and representatives of Johnson, Johnson & Roy and Alden Dow Associates. It was decided that if the Alden firm had not done any extensive planning outside of the

building, namely, on the roads and parking lots, the work should be turned over to Johnson, Johnson & Roy as campus planner. If the work has been started outside the first building, then it should be completed by Alden Dow. The position of the State Buildings Division is that anything outside of the main academic building should be the responsibility of the campus planner. In a meeting, Allison indicated that only preliminary design on parking lots had been started, and that he was willing to relinquish his responsibility. It was agreed that the State Building Division would cancel contract for balance of campus development with Dow and issue new contract to Johnson, Johnson & Roy as the campus planning firm and to the Spicer Engineering Company. Mr. Brown indicated that the matter is well resolved with lines drawn and program going forward.

It was announced by Mr. Brown that Spicer Engineering has made arrangements with the Michigan State Buildings Division to begin work on the general plan for utilities for the college. Brown also reported that the general purpose academic building is on schedule and the basic steelwork will be ready for bidding within ten days. Complete working drawings for the \$4 million building should be ready for bidding June 1st.

It is expected that the plans for the first dormitory will be completed by May 1st.

2.) Interchange at I-75 and Freeland Road

Mr. Brown reported that Johnson, Johnson & Roy asked that the Board take action regarding the proposed Interchange at I-75, as the location of the interchange is one of the key factors needed to complete the final campus master plan report.

From studies made, it would appear that the safest, most convenient, and least expensive access to the campus would be at I-75 and Freeland Road.

BM-93 Mr. Brown moved that the Board strongly recommend that there be an interchange constructed at Freeland Road and I-75, and that such an interchange be an integral part of the college master plan. Mr. Curtiss seconded.

Ayes: Arbury, Brown, Curtiss, Fox, Groening, Treadway, Zahnow  
Absent: McCree

Motion carried.

3.) Condemnation Proceedings

Mr. Brown reported that it appears at this time that settlement will be made out of court on two pieces of property.

4.) Landscaping

Several months ago, proposals were received to do the landscape planting around the temporary building (Project No. 66), one from Begick Nursery in the amount of \$2,761.50 and the other from Bay Lawn Service in the amount of \$2,615.00. Johnson, Johnson & Roy felt that the plantings recommended by Begick

offered considerably more than the other proposal. Mr. Paumier suggested that drainage might be included in the Begick proposal in lieu of plantings or landscaping.

BM-94 Mrs. Treadway moved that the college administration be authorized to proceed with the Begick Nursery and Johnson, Johnson & Roy in developing the plan for landscaping and plantings for Project No. 66 with an amount not to exceed \$2,800. Mr. Brown seconded.

Ayes: Arbury, Brown, Curtiss, Fox, Groening, Treadway, Zahnaw  
Absent: McCree

Motion carried.

Mr. Brown indicated that Johnson, Johnson & Roy feel that at this time they should use the figure of \$80,000 as a possibility for landscaping near the general academic building. It is their hope to have some plans ready for plantings this fall.

C. Finance Committee

Mr. Zahnaw reported that the Committee met for a discussion of the 1967-68 operating budget. Copies of the proposed budget of \$646,860 for an estimated 400 member student body were distributed to Board for consideration.

Mr. Zahnaw said that among other items discussed was compensation levels, which matter will be considered only as general policy.

Mr. Zahnaw asked the Board to consider the financing of the first dormitory, as well as subsequent dormitory buildings, as state appropriation will not be received. The matter will be brought up again in the near future, and Mr. Zahnaw asked the Board to consider

whether SVC should finance the construction of the first building estimated to cost \$850,000, or pay for it.

BM-95 Mr. Zahnow moved that the proposed operating budget for 1967-68 in an amount of \$646,860 be approved. Mr. Curtiss seconded.

Ayes: Arbury, Brown, Curtiss, Fox, Groening, Treadway, Zahnow  
Absent: McCree

Motion carried.

(NOTE: Budget part of Official Minutes)

#### VI. REPORT OF REPRESENTATIVE OF STUDENT GOVERNMENT

President Marble said that a draft of the Constitution of the Student Government was presented to the Board at their last meeting. Since that time, the proposal has been revised and adopted by the Student Government. Mark Peele, the newly-elected Vice President of the Student Government, distributed copies of the revised Constitution as adopted by the Student Body, and asked if the Board would consider it for adoption. He said that it was the intention of the Student Body to have the Constitution read into the minutes of the Board of Control so the Student Government can carry the recognition of the Board. Mr. Peele indicated that the Committee decided to draft their own constitution rather than follow that of another institution, as most college constitutions are designed for "attack and combat rather than for co-existence". The student body adopted the Constitution by a vote of 71-8.

Mr. Groening asked the Board to be prepared to take action on the Constitution at the May meeting. President Marble invited Mark Peele to attend future meetings of the Board, and indicated to him that he would be notified in advance of the meetings.

## VII. COMMUNICATIONS

None.

## VIII. OTHER BUSINESS

A. Assignment of Stock Certificates

Mr. Curtiss recommended that a previous Resolution requiring the signature of two officers for the sale or transfer of stock certificates and including his name among the list of officers so authorized to sign be changed to one officers' signature and removing Mr. Curtiss' signature.

RES-22 Mr. Curtiss moved that RES-19 adopted January 14, 1967 be rescinded, and offered the following Resolution for adoption:
