**BOARD OF CONTROL**

REGULAR MONTHLY MEETING  
PIONEER ROOM OF PIONEER HALL OF ENGINEERING AND TECHNOLOGY  
MONDAY, FEBRUARY 11, 1985  
9:30 a.m.

**I. CALL TO ORDER**

**II. PROCEDURAL ITEMS**

- ✓ 1. Approval of Minutes of Regular Monthly Meeting of December 10, 1984
- ✓ 2. Official Representative of the Faculty Association
- ✓ 3. Communications and requests to appear before the Board
- ✓ 4. Remarks by the President

**III. ACTION ITEMS**

- ✓ 5. Approval of Signature Authority Resolution
- ✓ 6. Approval of Resolution Regarding Securities
- ✓ 7. Approval of Room and Board Rates for 1985-86
- ✓ 8. Approval of Transfer of Monies from the Business & Industrial Development Institute Budget within the General Fund to the Saginaw Valley Research and Development Corporation

- defer* ✓ 9. Approval of Resolution Commending the SVSC 1984 Cross Country Team
- ✓ 10. Approval of Resolution Commending the SVSC 1984 Football Team

**IV. INFORMATION ITEMS**

- ✓ 11. Legislative Briefing, February 6, 1985
- ✓ 12. Introducing Professor An of Shandong University
- ✓ 13. Mid-year Review of 1984-85 General Fund Budget
- ✓ 14. Campus Apartments
- ✓ 15. Sponsored Programs Report
- ✓ 16. Personnel Report
- ✓ 17. Official Registration Report for Winter, 1985

Press

**I. CALL TO ORDER**

Dr. Gilmore, Vice-Chairman, called the meeting to order at 9:50 a.m.

**II. PROCEDURAL ITEMS**

1. Minutes of the December 10, 1984 Regular Monthly Meeting

The minutes were approved without correction.

2. Official Representative of the Faculty Association

Dr. Douglas E. Hansen was present on behalf of the Faculty Association.

3. Communications and Requests to Appear Before the Board

President of Student Government, Dallas Mossman, addressed the Board.

Mr. Mossman said that he wished to make an addition to his comments of the December meeting, at which time, he had thanked individual members of the administration for their support and assistance to students. He mentioned Registrar Paul Saft as someone whom he wished to include in that commendation, because of Mr. Saft's implementation of registration procedures that had been very helpful to students.

Mr. Mossman then mentioned the forthcoming (February 19, 1985) Career Day on campus, which he felt had not received sufficient effort and support, as well as his general disappointment with the placement process available to SVSC graduates. He asked the Board to address this area of concern.

Charles Curtiss said that Mr. Mossman's comments would be useful in future consideration of the placement function.

4. Remarks by the President

President Ryder opened his remarks by mentioning that he felt that with the new construction on campus, two areas of the placement effort would be enhanced; one, by having employers on campus to see SVSC's growth, and two,

by the eventual move of the Placement Office to Wickes Hall, which will provide greater accessibility to both students and faculty.

Mr. Klykylo emphasized the importance of maintaining connections with industry to aid in job placement.

In response to a question by Charles Curtiss, Vice President for Academic Affairs, Robert S.P. Yien said that the focus of the Placement Office was not just on the Saginaw Valley, but much broader in scope, and that he agreed with Mr. Mossman that a closer relationship between faculty and the placement effort would be advantageous. Dr. Yien referred to his recent conversation with Faculty Association President, Dr. Walter Rathkamp, in which Dr. Rathkamp said that the Faculty Association planned active support for Career Day. President Ryder suggested that the Placement Office might make a presentation to the next Board committee meeting, to be held in March.

President Ryder discussed two days of particular interest to the Board, March 26 for the Michigan Association of Governing Board's Trustees' Workshop in Lansing, which includes a convocation dinner that same evening, and April 23 which represents the opening of the Association of Governing Board's annual meeting in Miami, Florida.

He then circulated the American Association of State Colleges and Universities recent publication, More Good Ideas, which cites SVSC's Business and Industrial Development Institute's Dormant Technology Project.

### III. ACTION ITEMS

#### 5. Approval of Signature Authority Resolution

RES-657 It was moved and supported that the following resolution be adopted.

WHEREAS, There is a need to establish and maintain accounts for Saginaw Valley State College financial transactions as pertains to deposits, withdrawals,

and short term investments;

NOW, THEREFORE, BE IT RESOLVED, That the Chairman and Treasurer of the Board of Control and the President and Vice President for Administration and Business Affairs of the College are hereby authorized to establish and make deposits and withdrawals from each and every depository, operating or savings account which the College may have now or is established in the future in any bank or savings and loan association, and

BE IT FURTHER RESOLVED, That only the signature of one of the authorized individuals as set forth above is required to establish said accounts or to make withdrawals, and

BE IT FURTHER RESOLVED, That the President may through written delegation of authority authorize additional persons to make transfers between established depository, operating and savings accounts for purposes relating to investments, and

BE IT FURTHER RESOLVED, That this resolution supersedes any previous Board action authorizing establishment, or authority to make withdrawals or transfers involving College banking or savings accounts.

President Ryder asked Vice President for Administration and Business Affairs, Jerry A. Woodcock, to comment. Mr. Woodcock explained that this resolution replaces RES-638, which was adopted at the February 13, 1978 Board of Control meeting. The new resolution updates the former.

The resolution was **APPROVED** unanimously.

6. Approval of Resolution Regarding Securities

RES-658 It was moved and supported that the following resolution be adopted.

WHEREAS, There is a need to update RES-383 adopted at the May 8, 1978 Board of Control Meeting;

NOW, THEREFORE, BE IT RESOLVED, That the Chairman and Treasurer of The Board of Control and the President and Vice President for Administration and Business Affairs of the College, or any of them, be authorized and they are hereby empowered on behalf of the College (a) to effect purchases and sales of stocks, bonds, and any other securities for the account of the College, (b) to sell, assign, and endorse for transfer any stocks, bonds, or other securities now registered or hereafter registered in the name of the College, and (c) to execute any documents necessary to effectuate the foregoing; and

BE IT FURTHER RESOLVED, That this resolution shall remain effective until modified by action of this Board, and replaces all previous resolutions pertaining to security transactions.

President Ryder asked Mr. Woodcock to comment on the resolution. Mr. Woodcock explained that this updated resolution was primarily for clarification purposes

as well, with the emphasis being on the receiving and selling of stock.

The resolution was **APPROVED** unanimously.

7. Approval of Room and Board Rates for 1985-86

RES-659 It was moved and supported that the following resolution be adopted.

WHEREAS, Sufficient information regarding projected operating expenses of the housing and food service operations can be ascertained.

NOW, THEREFORE, BE IT RESOLVED, That effective for the Fall Semester of 1985-86, the academic year board and room charges will be as follows:

	<u>Meals per Week</u>	
	<u>21</u>	<u>15</u>
Room and Board	\$2,526	\$2,440
Resident Hall Association	4	4
Total	\$2,530	\$2,444
Extra Charge for Single Room	\$ 330	\$ 330

AND, BE IT FURTHER RESOLVED, That the Miscellaneous Room and Board Rates as per the attached document be approved effective September 1, 1985, unless otherwise indicated. (The rate schedule appears on the following page.)

With regard to this resolution, Mr. Woodcock said that it was the objective of the administration and the Board to keep the amount charged for room and board in line with other institutions. He said that the 1985-86 schedule contained a 4.1% increase, and that he expected that SVSC's relative position among other institutions would remain unchanged.

President Ryder recommended approval of the resolution and called attention to the fact that SVSC's dormitories are relatively new, and are still in the process of being paid off, as opposed to those institutions which enjoy the financial advantage of having a blend of "paid off" and new dormitories.

The resolution was **APPROVED** unanimously.

8. Approval of Advance of Monies from the Business and Industrial Development Institute Budget within the General Fund to the Saginaw Valley Research and Development Corporation

RES-660 It was moved and supported that the following resolution be adopted.

WHEREAS, to accomplish the goals for which the Business and Industrial

Development Institute (BIDI) was established, it has been necessary to form a separate corporation, Saginaw Valley Research & Development Corporation (SVRDC), and

WHEREAS, initial funding was approved by Board of Control Resolution 559 on October 11, 1982 which stated ". . . BE IT FURTHER RESOLVED, that up to Fifty Thousand Dollars (\$50,000) from specifically restricted funds is hereby appropriated as initial funding of said undertaking.";

NOW, THEREFORE, BE IT RESOLVED, that for clarification purposes it is fully intended and recognized by this Board of Control that the advance of monies from the BIDI budget of SVSC to SVRDC represents an expenditure by Saginaw Valley State College. Furthermore, there is to be accountability of the use of those funds through requiring that an audit by an independent certified public accounting firm be conducted.

BE IT FURTHER RESOLVED, that the President or the Vice President for Administration and Business Affairs be authorized to sign whatever documents may be necessary to facilitate repayment to SVSC from SVRDC should sufficient funds become available at a future date.

Mr. Woodcock explained that the purpose for this resolution was a clarification for audit purposes with the State of Michigan. He discussed the expending of monies through BIDI, for which there was not a legal requirement for repayment. A discussion followed between President Ryder, Mr. Woodcock, Mr. Braun and Mr. Curtiss as to whether the word "loan" should be used in the opening sentence of this resolution. It was decided that instead of using the term "transfer", that the word "advance" would be used in its place, and that the word "loan" would not be used.

The resolution was **APPROVED** unanimously.

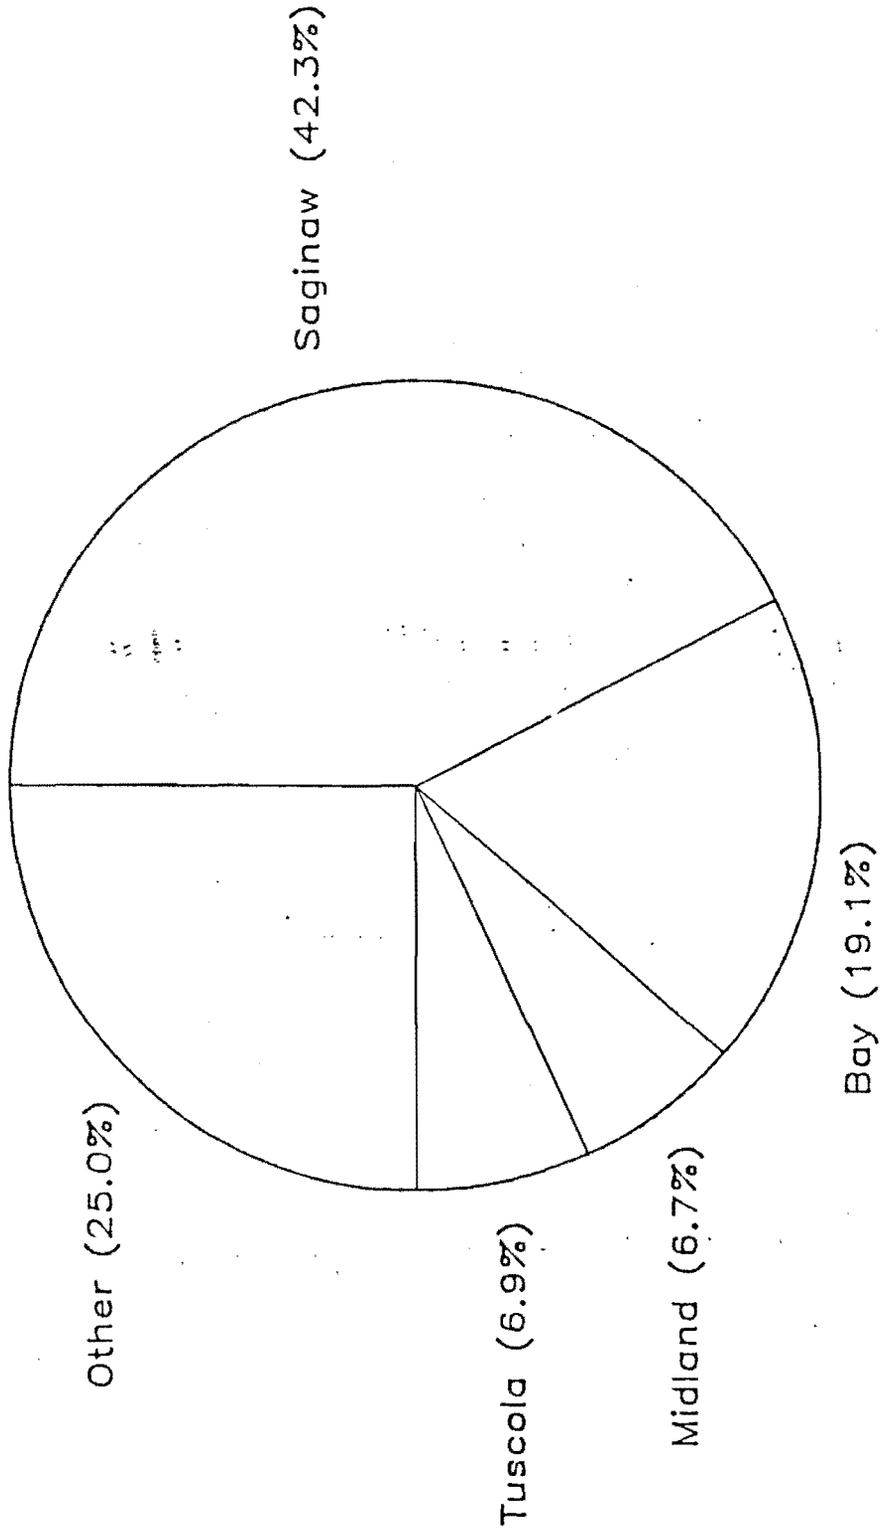

Chairman Kendall then moved to agenda item 11.

11. Legislative Briefing, February 6, 1985

President Ryder described the meeting in Lansing on February 6, at which the President and members of the Executive Committee, as well as Chairman Kendall and five area legislators, met to review the relative underfunding of SVSC and the recommendations of the Governor's office. President Ryder then reviewed the slides that had been shown at the meeting. (Copies of those slides appear on pages 8-16, that follow.) He put particular emphasis on the charts

February 25,

The Honorable James A. Barcia  
State Senator  
State Capitol  
Lansing, MI 48909

Dear James: *Jim*

I am writing to respond to the requests several of you made for the numbers behind the attached graph of SVSC and systemwide state fiscal year appropriations per fiscal-year-equated student.

As you will recall, the point of the graph is that during the recent recession Saginaw Valley lost a great deal of ground in per-student state support in comparison to the public 4-year system as a whole. The reason is that the Legislature chose to distribute painfully scarce resources equitably to institutions rather than to students. Appropriations to growing institutions such as SVSC differed only slightly from appropriations to institutions which were losing enrollment.

We do not contend that declining-enrollment institutions are over-funded. We simply want to make the point that Saginaw Valley students clearly need a higher level of state support. A catch-up increase in state support is needed primarily to enable the College to hire the additional full-time faculty which SVSC must have to provide high quality instruction for growing numbers of students. Support for SVSC's Program Revision Request for computing is also extremely important. As enrollments have climbed, the need for instructional equipment -- primarily for computing -- has grown far beyond the capacity of current resources.

The facts behind the graph are the following:

1. Enrollment

Between 1978-79 and 1983-84, the latest complete year, the number of fiscal-year-equated students at SVSC grew from 2,531 to 3,207, an increase of 26.7 percent. Saginaw Valley projects growth to 3,337 FYES in the budget year (FY86) -- an increase of 31.8 percent over FY79.

During the same period, FYES enrollments in the entire system rose from 201,418 in FY79 to 207,073 in FY81 and then began to decline. Institutional projections foreshadow further system-wide enrollment losses in FY85 and FY86. FY86 estimates totalling 187,577 represent a 6.8 percent decline from FY79 and a 9.4 percent drop from the peak year, FY81.

## 2. State Appropriations

SVSC's appropriation increased from \$6,198,200 in State Fiscal Year 1979 to \$8,749,900 in the current year. For SFY85, Governor Blanchard has recommended \$9,914,700, which is 60 percent higher than SVSC's SFY79 appropriation. Unfortunately, this apparently significant increase of more than \$3 million shrinks to less than \$136,000 when inflation is taken in account. In real dollars, the recommended increase is just 2.2 percent above SVSC's FY79 appropriation, yet the College would have to use this money to support an FYES enrollment which has risen since FY79 by nearly 32 percent!

Concurrently, actual dollar appropriations for all 15 institutions have grown from \$553.8 million in SFY79 to \$757.7 million in the current year.<sup>1</sup> For SFY86, Governor Blanchard has recommended \$819.5 million plus an additional \$25 million to be distributed from a Research Excellence Fund. In 1978 dollars, the \$819.5 million shrinks to \$523.5 million, a 5.5 percent drop from SFY79. In 1978 dollars, the Research Excellence Fund closes about half of the gap; \$844.5 million (\$819.5 + \$25) deflates to \$539.5 million, which is 2.6 percent below system-wide FY79 support. (Please note that this small real dollar decline in state appropriations has occurred during a period of systemwide enrollment loss of 6.8 percent.)

## 3. Constant Dollar Appropriation per Fiscal Year Equated Student

The graph I have been asked to explain takes into account both inflation and changes in enrollment. It shows that Saginaw Valley's state appropriation of \$2,449 per fiscal-year-equated student in FY79 was only 11 percent below the systemwide average of \$2,749. However, in the current year, SVSC's per-student state support in constant 1978 dollars amounts to only \$1,703, a figure 33 percent below the systemwide average of \$2,536! The explanation is that neither enrollment growth nor enrollment

<sup>1</sup>All of the appropriations referred to in this paragraph and in the graph are designated for the 15 institutions. Appropriations for the MSU Agricultural Experiment Station and Cooperative Extension Service, the Institute of Gerontology and the U.P. Medical Education Program are excluded from the details and the total.

loss has had much effect on appropriations to institutions, substantially altering over time the distribution of state support to students.

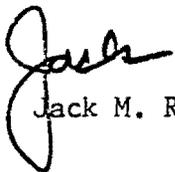

The decline in state support of SVSC students is a problem which we are asking you to help us remedy with all of the persuasiveness at your command. In recent meetings with you, I have pointed out that SVSC's SFY86 budget request, even if funded in its entirety, will not fully restore to SVSC students the kind of per-student support from which they benefitted in FY79. However, funding of the budget request will allow SVSC to make substantial progress toward providing the faculty and equipment necessary for high quality instruction.

Those of you who need more detailed information may find what you are looking for on Attachments 2-4. If not, please feel free to call my office.

In order to demonstrate how the College expends its funds, I am also enclosing a copy of the most recent audit report of the College. I call your attention to page six, which speaks to the question raised by Representative Hayes on February 6. The functions listed under "Expenditures" are standard in such financial statements. Also enclosed please find a document entitled Other Financial Information which provides account-by-account detail behind the information on page 6 of the audit. Pages 2 through 6 of Other Financial Information detail the College's General Fund expenditures. As you know, General Fund revenues include state appropriations. Mr. Jerry Woodcock, Vice President for Administration and Business Affairs, is available to explain the audit report or to answer any question it might raise. Mr. Woodcock's office telephone number is 790-4045. Please feel free to call upon him.

I hope I have answered your questions. If my answers raise other questions, I would be happy to meet with you to continue our discussion. We need your strong support in the current appropriation cycle.

Cordially,

Jack M. Ryder

## Saginaw

OFFICE OF THE  
UNIVERSITY CENTER, MICHIGAN 48710  
(517) 790-4041

March 6, 1985

The Honorable John M. Engler  
State Senator  
State Capitol  
Lansing, MI 48909

Dear John:

In meetings I have held recently with Lynn Schaeffer of the Department of Management and Budget and several of your colleagues, I have attempted to explain why SVSC needs an FY86 increase larger than the one recommended by the Governor in January. Saginaw Valley State College students are not supported at a level comparable to average levels of support for students in the public colleges and universities. The enclosed bar graph demonstrates the imbalance. I hope we will have an opportunity to meet soon to discuss the graph and its implications for students in your district.

The point of the graph is that during the recent recession Saginaw Valley lost a great deal of ground in per-student state support in comparison to the public 4-year system as a whole. The reason is that the Legislature chose to distribute painfully scarce resources equitably to institutions rather than to students. Appropriations to growing institutions such as SVSC differed only slightly from appropriations to institutions which were losing enrollment.

We do not contend that declining-enrollment institutions are overfunded. We simply want to make the point that Saginaw Valley students clearly need a higher level of state support. A catch-up increase in state support is needed primarily to enable the College to hire the additional full-time faculty which SVSC must have to provide high quality instruction for growing numbers of students. Support for SVSC's Program Revision Request for computing is also extremely important. As enrollments have climbed, the need for instructional equipment — primarily for computing — has grown far beyond the capacity of current resources.

The facts behind the graph are the following:

1. Enrollment

Between 1978-79 and 1983-84, the latest complete year, the number of fiscal-year-equated students at SVSC grew from 2,531

to 3,207, an increase of 26.7 percent. Saginaw Valley projects growth to 3,337 FYES in the budget year (FY86) — an increase of 31.8 percent over FY79.

During the same period, FYES enrollments in the entire system rose from 201,418 in FY79 to 207,073 in FY81 and then began to decline. Institutional projections foreshadow further system-wide enrollment losses in FY85 and FY86. FY86 estimates totalling 187,577 represent a 6.8 percent decline from FY79 and a 9.4 percent drop from the peak year, FY81.

## 2. State Appropriations

SVSC's appropriation increased from \$6,198,200 in State Fiscal Year 1979 to \$8,749,900 in the current year. For SFY85, Governor Blanchard has recommended \$9,914,700, which is 60 percent higher than SVSC's SFY79 appropriation. Unfortunately, this apparently significant increase of more than \$3 million shrinks to less than \$136,000 when inflation is taken in account. In real dollars, the recommended increase is just 2.2 percent above SVSC's FY79 appropriation, yet the College would have to use this money to support an FYES enrollment which has risen since FY79 by nearly 32 percent!

Concurrently, actual dollar appropriations for all 15 institutions have grown from \$553.8 million in SFY79 to \$757.7 million in the current year. For SFY86, Governor Blanchard has recommended \$819.5 million plus an additional \$25 million to be distributed from a Research Excellence Fund. In 1978 dollars, the \$819.5 million shrinks to \$523.5 million, a 5.5 percent drop from SFY79.<sup>1</sup> In 1978 dollars, the Research Excellence Fund closes about half of the gap; \$844.5 million (\$819.5 + \$25) deflates to \$539.5 million, which is 2.6 percent below system-wide FY79 support. (Please note that this small real dollar decline in state appropriations has occurred during a period of systemwide enrollment loss of 6.8 percent.)

## 3. Constant Dollar Appropriation per Fiscal Year Equated Student

The graph takes into account both inflation and changes in enrollment. It shows that Saginaw Valley's state appropriation of \$2,449 per fiscal-year-equated student in FY79 was only 11 percent below the systemwide average of \$2,749. However, in the current year, SVSC's per-student state support in constant

<sup>1</sup>All of the appropriations referred to in this paragraph and in the graph are designated for the 15 institutions. Appropriations for the MSU Agricultural Experiment Station and Cooperative Extension Service, the Institute of Gerontology and the U.P. Medical Education Program are excluded from the details and the total.

1978 dollars amounts to only \$1,703, a figure 33 percent below the systemwide average of \$2,536! The explanation is that neither enrollment growth nor enrollment loss has had much effect on appropriations to institutions, substantially altering over time the distribution of state support to students.

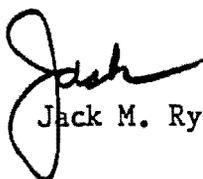

The decline in state support of SVSC students is a problem which we are asking you to help us remedy with all of the persuasiveness at your command. SVSC's SFY86 budget request, even if funded in its entirety, will not fully restore to SVSC students the kind of per-student support from which they benefitted in FY79. However, funding of the budget request will allow SVSC to make substantial progress toward providing the faculty and equipment necessary for high quality instruction.

Those of you who need more detailed information may find what you are looking for on Attachments 2-4. If not, please feel free to call my office.

In order to demonstrate how the College expends its funds, I am also enclosing a copy of the most recent audit report of the College. I call your attention to page six which speaks to the question raised by you on February 6. The functions listed under "Expenditures" are standard in such financial statements. Also enclosed please find a document entitled Other Financial Information which provides account-by-account detail behind the information on page 6 of the audit. Pages 2 through 6 of Other Financial Information detail the College's General Fund expenditures. As you know, General Fund revenues include state appropriations. Jerry Woodcock, Vice President for Administration and Business Affairs, is available to explain the audit report or to answer any question it might raise. Mr. Woodcock's office telephone number is 790-4045. Please feel free to call upon him.

I hope I have answered your questions. If my answers raise other questions, I would be happy to meet with you to continue our discussion. We need your strong in the current appropriation cycle.

Cordially,

  
Jack M. Ryder

JMR:sah

cc. R. Naftaly  
Board of Control

which demonstrate that State funding has not kept pace with SVSC's enrollment growth. In response to a question from Mr. Klykylo, President Ryder said that the response of the legislators that had attended the meeting, showed a growing awareness of SVSC's situation. Mr. Kendall agreed that there had been considerable discussion on the effects of enrollment growth and static, real dollar appropriations on SVSC funding.

Mrs. Woods observed that Governor's recommendations had reflected positively on SVSC.

President Ryder continued the discussion with the mention that the earliest possible time that "formula funding", a calculation method which would take enrollment into account be adopted, would be in the FY 1986-87 appropriations cycle. He explained that SVSC's request for radio and TV funds would enable SVSC to work with Delta College and use their facilities for the production of programming that would benefit the entire community, without requiring the building of new facilities for this purpose.

President Ryder further explained that SVSC's 13.3% increases, which is recommended by the Governor, includes monies for operating IF-2, thereby greatly reducing the actual percent allocated to support SVSC current operations.

Mrs. Woods added her recommendation that the emphasis should be on greater funding for all of higher education, not just a struggle among the colleges for a larger piece of a pie that is too small.

President Ryder agreed and concluded his remarks with the statement that with the pressure of the Governor for a tax increase rollback, there is every likelihood that a tuition increase may be necessary.

Chairman Kendall then moved to Agenda Items 9 and 10.

9. Approval of Resolution Commending the SVSC 1984 Cross Country Team

RES-661 It was moved and supported that the following resolution be adopted.

WHEREAS, the Saginaw Valley State College Cross Country team finished the regular season ranked seventh by the National Association of Intercollegiate Athletics, and

WHEREAS, Neil Rogers finished ninth at the national meet and teammate Troy Ouellette finished 25th as both were accorded NAIA All-American honors, and

WHEREAS, the SVSC Cross Country team also won the Great Lakes Intercollegiate Athletic Conference championship for the eighth consecutive year, and

WHEREAS, SVSC senior team member Troy Ouellette became the GLIAC individual champion, and

WHEREAS, the SVSC team also took the NAIA District 23 Championship for the sixth year in succession,

NOW, THEREFORE, BE IT RESOLVED, that the Board of Control congratulate the team members and their coach, Evans Lalas, for their outstanding performance and extend best wishes for continued accomplishments.

Chairman Kendall read the resolution and presented it to Coach Lalas.

10. Approval of Resolution Commending the SVSC 1984 Football Team

RES-662 It was moved and supported that the following resolution be adopted.

WHEREAS, the Saginaw Valley State College Football team won honors for placing third in the National Association of Intercollegiate Athletics post-season playoffs, and

WHEREAS, the SVSC Football team also won the Great Lakes Intercollegiate Athletic Conference Championship with an undefeated record for the second consecutive year, and

WHEREAS, the SVSC team set 18 school records and 5 GLIAC records this season, and

WHEREAS, SVSC senior defensive tackle Joe Rice was named to first team All-America honors by Kodak and the NAIA Division I, and

WHEREAS, SVSC senior tailback Bryon Krukowski earned second team NAIA All-America honors and

WHEREAS, SVSC senior punter Dave Berkey received honorable mention on the NAIA All-American team, and

WHEREAS, SVSC seniors Joe Rice, Dave Hurst, Bob Dexter, Brad Farnham, Bryon Krukowski and Dave Berkey, and juniors Steve Henderson and Joe Gendron were named to the ALL-GLIAC team

NOW, THEREFORE, BE IT RESOLVED, that the Board of Control congratulate the team members, their coach, George Ihler and his staff, for their outstanding performance and extend best wishes for continued accomplishments.

Chairman Kendall read the resolution and presented it to Coach Ihler and his players. Director of Athletics, Robert T. Becker, was also offered the Board's congratulations.

12. Introduction of Professor An of Shandong University

Dr. Yien introduced Professor An Zeng-Chai of the prestigious Shandong University, Peoples Republic of China, who is here for one year.

Professor An addressed the Board and mentioned that he has been residing with an American family for the last month. He feels that his visit has been very productive and mentioned that he is particularly pleased that President Ryder may visit China this May.

13. Mid Year Review of 1984-85 General Fund Budget

Mr. Woodcock asked Controller James G. Muladore to review the General Fund Budget Status Report that was distributed to the Board. (A copy of the status report is on the following page.) Mr. Muladore mentioned that no Board action was requested on the report, but rather it was being distributed for recognition of the current deficit.

Mr. Curtiss said that lack of formal action by the Board, should not be construed as the Board condoning the deficit.

President Ryder stated that nothing justifies the deficit but that, given its fiscal constraints, the College has done a good job managing the FY 1984-85 budget.

14. Campus Apartments

Mr. Woodcock discussed the need for campus apartments and said that he hoped that by next fall the first phase might be underway, which would include 40-50 units.

15. Sponsored Programs Report

Director of Sponsored Programs, Dr. Ralph K. Coppola distributed his office's summary for grants received and pending from August 1, 1984 through February 11, 1985. (The report appears on pages 21-31.) He reviewed the report for the

Dr. Ralph K. Coppola, Director  
February 11, 1985

SUMMARY ANALYSIS  
GRANTS RECEIVED AND PENDING  
August 1, 1984 - February 11, 1985

I. GRANTS RECEIVED

A. DIRECT COSTS, CONSUMED ASSETS

Total direct cost items  
consumed during the grant period  
(not including assets not  
consumed during the grant  
period such as equipment) \$681,065

B. UNCONSUMED ASSETS AND  
INDIRECT COSTS

Total direct cost items  
(not consumed during the  
grant period such as  
equipment) \$45,217

C. SVSC MATCHING FUNDS \$9,000 \*

D. TOTAL GRANTS RECEIVED \$726,282

II. GRANTS PENDING

A. DIRECT COSTS, CONSUMED ASSETS

Total direct cost items  
consumed during the grant  
period (not including assets  
not consumed during the grant  
period such as equipment) \$2,193,714

B. UNCONSUMED ASSETS & INDIRECT COSTS

Total direct cost items (not  
consumed during the grant period  
such as equipment) and indirect  
costs. \$1,154,401

C. SVSC MATCHING FUNDS & INKIND  
CONTRIBUTIONS \$732,418 \*\*

D. TOTAL GRANTS PENDING \$3,348,115

Summary Analysis, Sponsored Programs

DATA ON PROPOSAL SUBMISSIONS

Between August 1, 1984 and February 11, 1985 23 grant proposals have been submitted. For the same period last year, August 1, 1983, through February 11, 1984 only 11 proposals were submitted. We have more than doubled the number of submissions.

Within a little more than 6 months the total number of proposals submitted amounts to approximately 11% of all SVSC proposals submitted since 1976. (1976 is the first year we have records on submissions).

\* Of the total SVSC matching funds \$4,000 is an SVSC contribution in indirect costs.

\* Of the total SVSC matching funds \$142,568 is an SVSC contribution in inkind services and/or indirect costs.

**GRANTS AWARDED/OPERATING**

July 31, 1984 to present

<u>Title and Funding Agency</u>	<u>Purpose &amp; Funding Level</u>
1. Veteran's Cost of Instruction Program (VCIP)-U.S. Department of Education	to increase recruitment efforts of Vets Total Federal support: \$1,679 SVSC match: -0- Total project cost: \$1,679  Indirect costs: \$ -0- Equipment: \$ -0- (7/1/84 - 6/30/85)
2. BSN Facilitation for RNs, Health & Human Services	To provide 2nd year funding for an out-reach nursing program Total Federal support: \$179,760 SVSC match: -0- Total project cost: \$179,760  Indirect cost rate is 8% of TDC: \$13,167 Equipment from federal funds: \$2,000 (8/1/84 - 7/31/85)
3. Financial Aid Program - U.S. Department of Education	Continuation of College Work Study Program (CWS), Supplemental Education Opportunity Grants (SEOG) and National Direct Student Loans (NDSL) Total CWS support: \$202,553 Total SEOG support: 98,590 Total NDSL support: 60,000 SVSC match: -0- Total project cost: \$361,143  Indirect costs: \$ -0- Equipment: \$ -0- (7/1/84 - 6/30/85)
4. Holographic Equipment Request (SPIE)	Equipment acquisition to further research efforts of Dr. Frank Chen Total SPIE support: \$800 SVSC match: -0- Total project cost: \$800  Indirect costs: \$-0- Equipment: \$800

5.	Dormant Technology Transfer Michigan Department of Commerce (MDC)	Further activities of BIDI Total MDC support: \$25,000 SVSC (BIDI) match: -0- Total project cost: \$25,000  Indirect costs: \$3,590 Equipment: \$460 (9/14/84 - 9/13/85)
6.	Subcontract-Michigan Small Business Development Center/ SVSC-BIDI	To further activities of BIDI Total MSBDC support: \$21,000 SVSC match: \$9,000 Total project cost: \$30,000  Indirect costs: \$4,000 Equipment: \$-0- (10/1/84 - 9/30/85)
7.	"Study and Fabrication of Holographic Lenses" Subcontract-Control Data Center-University of Michigan/SVSC	To further the research efforts of Dr. Frank Chen Total CDC support: \$74,200 SVSC match: -0- Total project cost: \$74,200  Indirect costs & equipment: \$21,200 (9/1/84 - 8/31/86)
8.	Music and Computer Science Institute for the Gifted Michigan Department of Education	Establishment of a 2 week Summer Institute at SVSC for gifted high school students in music and computer science. Total MDE support: \$50,000 SVSC match: -0- Total project cost: \$50,000  Indirect costs: \$-0- Equipment: \$-0- (11/20/84 - 9/15/85)
9.	Travel to Collections National Endowment for the Humanities	To Dr. Mason Wang to travel to Washington D.C. to research Chinese studies and translations of works by Shakespeare. Total NEH support: \$500 SVSC match: -0- Total project cost: \$500  Indirect costs: \$-0- Equipment: \$-0- (12/26/84 - 12/29/84)

10. Faculty Enrichment Programme  
Canadian Embassy

To Dr. Dávid Barker to  
gather materials in Canada  
to develop a humanities  
course in Canadian culture.  
Total Canadian support: \$3,000  
SVSC match: -0-  
Total project cost: \$3,000

Indirect costs: \$-0-  
Equipment: \$-0-  
(Summer 1985)

11. Travel Grant  
National Association of  
Foreign Student Affairs

Dr. Eugene Hamilton to  
travel to conference in  
Chicago  
Total NAFSA support: \$200  
SVSC match: -0-  
Total project cost: \$200

Indirect costs: \$-0-  
Equipment: \$-0-  
(Oct. 31-Nov. 2, 1984)

GRANTS PENDING

July 31, 1984 to present

12.	Dormant Technology Transfer from Corporation to Corporation-U.S. Department of Commerce; Economic Development Administration	To further the activities of BIDI Total Federal support: \$50,000 SVSC match: 50,000 Total project cost: \$100,000
		Indirect cost rate is 43.1% of salaries, wages and fringe benefits: \$14,280 Equipment: 925 (Anticipated notification date: July, 1985)
13.	Methodology and Analysis of Vitamin A and Carotenoids in Foods National Institute of Health	To Dr. Arthur Andrewes for research.  NIH support: \$648,750 SVSC match: -0- Total project cost: \$648,750
		Indirect cost rate is 43.1% of salaries, wages, and fringe benefits: \$125,836 Equipment: \$49,469 (Anticipated notification date: March, 1985)
14.	Financial Aid Program U.S. Department of Education	Continuation of College Work Study Program (CWS), Supplemental Education Opportunity Grants (SEOG) & National Direct Student Loan (NDSL) Total CWS support: \$490,000 Total SEOG (con't year): \$200,000 Total SEOG (initial year): \$180,000 Total NDSL support: \$90,000 SVSC match: -0- Total project cost: \$960,000
		Indirect costs: \$-0- Equipment: -0- (Anticipated notification date: July, 1985)

15. Continuing Education for R.N.'s U.S. Department of Health & Human Services	Provide continuing education to nurses in SVSC service area.	
	Total DHHS support:	\$402,515
	SVSC match:	-0-
	Total project cost:	\$402,515
	Indirect costs:	\$32,201
	Equipment:	\$8,000
	(Anticipated notification date: March, 1985)	
16. Information Age Thinking and Writing Fund for the Improvement of Post Secondary Education (FIPSE)	Project to teach logical thinking & writing skills using computers.	
	Total FIPSE support:	\$88,124
	SVSC Inkind:	\$35,543
	Total project cost:	\$88,124
	Indirect costs:	\$323
	Equipment:	\$-0-
	(Anticipated notification date: June, 1985)	
17. Seminar in German Civilization Civilization Council for International Exchange of Scholars (CIES)	For Dr. Lynn Herkstroeter to travel to seminar in Germany during Summer 1985	
	Total CIES support:	TBA
	SVSC match:	\$-0-
	Total project cost:	TBA
	Indirect costs:	\$-0-
	Equipment:	\$-0-
	(Anticipated notification date: April 1985)	
18. Study of Contemporary Spanish Literary Criticisms Council for International Exchange of Scholars (CIES)	For Dr. Ricardo Pastor to do research in Spain to determine trends in literary criticisms.	
	Total CIES support:	TBA
	SVSC match:	\$-0-
	Total project cost:	TBA
	Indirect costs:	\$-0-
	Equipment:	-0-
	(Anticipated notification date: April 1985)	

19. Computer Aided Engineering Laboratory National Science Foundation	Establishment of computer lab for mechanical and electrical engineering instruction. Total NSF support: \$50,000 SVSC match: \$54,722 Total project cost: \$104,722  Indirect costs: \$-0- Equipment: \$104,722 (Anticipated notification date: June 1985)
20. Progressive Education in NMR Spectroscopy National Science Foundation	Acquisition of FTNMR instrument for better instruction in chemistry. Total NSF support: \$50,000 SVSC match: \$63,000 Total project cost: \$113,000  Indirect costs: \$-0- Equipment: \$113,000 (Anticipated notification date: June 1985)
21. College-Wide Computer Science Upgrade National Science Foundation	Upgrade equipment supporting instruction in computer science. Total NSF support: \$50,000 SVSC match: \$102,300 Total project cost: \$152,300  Indirect costs: \$-0- Equipment: \$152,300 (Anticipated notification date: June 1985)
22. Development of Three Electrical Engineering Laboratories National Science Foundation	Upgrade and add to equipment for new laboratories currently under construction. Total NSF support: \$50,000 SVSC match: \$117,186 Total project cost: \$167,186  Indirect costs: \$-0- Equipment: \$167,186 (Anticipated notification date: June 1985)

23. Computer Laboratory for  
Economics and Statistics  
National Science Foundation

Establishment of Economics  
& Statistics computer lab  
to improve instruction.  
Total NSF support: \$50,000  
SVSC match: \$51,665  
Total project cost: \$101,665

Indirect costs: \$-0-  
Equipment: \$101,665  
(Anticipated notification  
date: June 1985)

24. Integrated Learning and  
Physiological Psychology Lab  
National Science Foundation

To provide basic laboratory  
equipment and state-of-the-  
art technology for better  
instruction.  
Total NSF support: \$41,785  
SVSC match: \$41,786  
Total project cost: \$83,571

Indirect costs: \$-0-  
Equipment: \$83,571  
(Anticipated notification  
date: June 1985)

25. Equipment for New Modern  
Optics Laboratory  
National Science Foundation

To facilitate new approaches  
in modern optics & holography  
Total NSF support: \$46,132  
SVSC match: \$46,133  
Total project cost: \$92,265

Indirect costs: \$-0-  
Equipment: \$92,265  
(Anticipated notification  
date: June 1985)

26. Molecular Biology Laboratory  
National Science Foundation

Improvement of existing lab  
exercises and experiments  
Total NSF support: \$50,000  
SVSC match: \$58,658  
Total project cost: \$108,658

Indirect costs: \$-0-  
Equipment: \$108,658  
(Anticipated notification  
date: June 1985)

27. University Affiliation Program  
United States Information Agency

Establish faculty exchange  
with Suzhou University in  
China.

Total USIA support:	\$50,000
SVSC inkind:	\$107,025
SVSC match:	\$3,900
Suzhou Inkind:	\$54,734
Suzhou match:	\$7,700
Total project cost:	\$223,359

Indirect costs:	\$-0-
Equipment:	\$-0-

(Anticipated notification  
date: May 15, 1985)

28. Student Exchange to Japan  
Saginaw Rotary Club

Study of Japanese art at  
Tokushima University by  
Toni Bailey, SVSC art  
student.

Total Rotary support:	\$1,500
SVSC match:	\$500
Total project cost:	\$2,000

Indirect costs:	\$-0-
Equipment:	\$-0-

(Anticipated notification  
date: April, 1985)

**GRANTS DENIED**

|    |   |  | Equipment from SBA:      | -0-       |

Board's information, and called particular attention the eight proposals recently submitted to the National Science Foundation. He mentioned that out of the 1,350 proposals submitted nationally, it is expected that 200 will be funded.

President Ryder added that private sector fundraising efforts had made SVSC eligible to apply for much of this funding.

Chairman Kendall offered the Board's commendation on the sponsored programs effort.

16. Personnel Report

The report, which appears, on the following page, was reviewed by the Board.

17. Official Registration Report for Winter, 1985

Registrar Paul H. Saft, distributed the report. (A copy appears on page 34.) Mr. Saft reviewed the report, which includes an increase of 6.2%, or 265, students and a 2.2% increase, or 885, in credit hours.

**V. OTHER ITEMS FOR CONSIDERATION**

There were none.

**VI. ADJOURNMENT**

Chairman Kendall adjourned the meeting at 11:55 a.m.

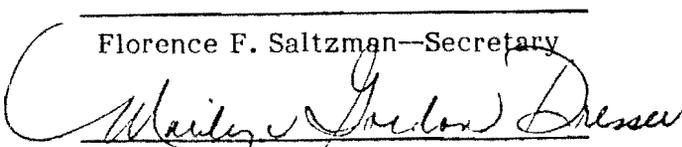

Respectfully submitted,

---

John W. Kendall, Chairman

Florence F. Saltzman--Secretary

  
Marilyn Gordon Dresser, Recording  
Secretary

## CURRENT POSITIONS FILLED AT SAGINAW VALLEY STATE COLLEGE

### ADMINISTRATIVE/PROFESSIONAL

Mr. William J. Anspach - promoted from Programmer/Analyst to Instructional Computing Coordinator within the Office of Computer Services. This change was effective December 24, 1984.

Ms. Kathy L. Baker - hired as Laboratory Supervisor for the Independent Testing Laboratory in the School of Science, Engineering and Technology. Ms. Baker received a B.S. in Chemical Engineering in 1973 from Wayne State University. Ms. Baker formerly worked for Dow Chemical Company in Midland.

Mr. Mark H. Cornillie - hired as College Photographer in the Office of Information Services. In 1984 Mr. Cornillie received a bachelors degree from Michigan State University with a major in journalism. Prior to joining SVSC, Mr. Cornillie worked with The Associated Press, Chicago bureau, and was also a freelance photographer.

Mr. Mark J. Miller - hired as Computer Operator, Office of Computer Services. Mr. Miller is scheduled to complete a bachelors of science degree in May of this year, and is a former student employee in the Office of Computer Services.

### FACULTY

Ms. Liana M. Bachand - hired as Temporary Instructor of Nursing for the calendar year 1985. Ms. Bachand received a B.S.N. in 1973 from Mercy College in Detroit, and recently received an M.S.N. from Wayne State University. Ms. Bachand previously worked as Nurse Consultant with the Lapeer County Health Department.

ENROLLMENT DETAILS

	WINTER 1984		WINTER 1985		CHANGE	
	Number	(% of total)	Number	(% of total)	Number	(%)
Students	4,279		4,544		+ 265	( 6.2 %)
Credit Hours	40,513		41,398		+ 885	( 2.2 %)
